

Bihar Super 30

Personalised mentorship and guidance for JEE and NEET aspirants

NEET Program — Prospectus

PROGRAM OVERVIEW

NEET preparation can feel overwhelming when every subject seems urgent. We help students choose the right next step, study with purpose and stay steady through the year. Each plan begins with an honest understanding of the student's strengths, gaps and available time.

Who it is for: Class 11-12 students and droppers aiming for NEET (medical entrance)

Duration: Guidance plans for Class 11, Class 12 and repeaters

WHAT YOU GET

- A study plan built around the student's current level
- Clear priorities for Physics, Chemistry and Biology
- Regular progress reviews and doubt support
- Test analysis that turns mistakes into next steps
- Practical revision routines for NCERT and question practice
- Honest updates for parents and guardians

PROGRAM STRUCTURE

Class 11 Guidance

Build strong habits and concepts early, without losing sight of school studies.

Class 12 Guidance

Balance boards, NEET preparation and revision with a focused weekly plan.

Repeater Guidance

Review the previous attempt, repair weak areas and prepare with a fresh strategy.

ADMISSION PROCESS

1. Tell Us Your Goal

Share the student's class, target exam and current preparation level.

2. Speak With Us

We listen to the student's needs and answer the family's questions clearly.

3. Choose a Plan

Together, we identify the guidance and support that fits the journey ahead.

4. Begin With Confidence

Start with a practical plan, regular reflection and steady encouragement.

FEES & SCHOLARSHIPS

Fee structure and scholarship eligibility are discussed individually during your enquiry call, based on the program and batch chosen. A registration fee is payable securely online through the admission form when you apply.
